

## **Finance - Internships/Placements in Germany/Austria (m/f)**

An internship at a P&G site in Austria or Germany (3 - 6 months) offers you the opportunity to test your finance knowledge and management abilities in real-life situations and obtain insights into the world of Finance in a fast moving consumer goods company.

Please note that if there is no internship available at the time you are supposed to start your internship, we will propose you to start in a country other than you are applying to.

### **Job responsibilities during internship**

You will assume responsibility for your project(s), working closely with colleagues from finance and other functions (e.g. Marketing, Sales, and Engineering). At the end of the internship you will be given the opportunity to present the results to senior management.

Typical projects would be:

Analyzing major competitors to refine business strategies for P&G products

- Exploring alternative manufacturing opportunities
- Assessing the financial impact of a new product initiative.

### **Qualifications**

#### **We are looking for**

- Strong academic results,
- strong numerical and analytical skills,
- ability to show effective leadership, to solve problems and to set priorities,
- excellent collaboration skills and the ability to work within diverse organizations and teams,
- a good command of the English language.
