

## **Intern Position Network Asia**

### **Description and requirements**

As an Intern in UniCredit Bank AG's Hong Kong Branch, you will work with experts around the firm to help clients meet their objectives and challenges in their daily financing, Global Transaction Banking, risk management, working capital, cash management and investment needs. You will be part of a truly international team offering clients customized and structured solutions making use of the depth of UniCredit's vast network and product portfolio.

As an Intern your specific responsibilities will typically include but are not limited to:

- Supporting the European Corporate Coverage team in developing and managing existing clients and onboarding customers to the portfolio
- Prepare reports and undertake research/financial analysis on companies, geographies and specific industry segments
- Preparing presentation materials and participating in client presentations
- Contribute to structuring and reviewing product solutions (often interfacing and involving multiple product teams and respective service units)
- Assisting bankers in account planning and pipeline reporting
- Conduct comprehensive client analysis to identify business needs to address from UniCredit's Product Platform

#### **Requirements:**

- Highly motivated and result oriented team player with a strong academic university performance and true interest in financial markets
- Excellent communication, analytical and interpersonal skills
- Good self-initiative, agility and eager to learn and work in a multi-cultural environment
- Strong business acumen and with an entrepreneurial and can-do mind set
- Good command of Microsoft Office products
- Proficiency in English is a must, a 2<sup>nd</sup> European Language preferably either German or Italian
- Work location: Hong Kong

Please send your application containing a CV and relevant references, an envisaged starting date and availability to [recruit\\_hk.uc@unicredit.eu](mailto:recruit_hk.uc@unicredit.eu).
